Dear Hiring Professionals at Apple,

am writing to express my strong interest in the Hardware Engineer Intern position at Apple. As a dual-degree student pursuing a degree in Electrical and Computer Engineering, I am confident that my education, experience, and passion for technology make me an excellent fit for this role.

Throughout my academic and professional journey, I have developed a strong foundation in mathematics and applied it to my engineering work. My love for math has allowed me to excel in coursework such as Differential Geometry and Digital Logic Design, and has equipped me with the problem-solving skills necessary for success in the field of hardware engineering.

I am also deeply drawn to Apple's culture and mission. The company's commitment to design excellence and innovative thinking resonates with my own values and aspirations. I am eager to contribute to Apple's ongoing efforts to push the boundaries of technology and create products that enrich people's lives.

As a detail-oriented and highly motivated individual, I am confident in my ability to thrive in this role and make meaningful contributions to Apple's hardware engineering team. Thank you for considering my application. I look forward to the opportunity to further discuss my qualifications with you.

Sincerely,

Yiju Li
